SPEED LETTER		REPLY REQUESTED		DATE 1 August 1967	
		YES	NO	LETTER NO.	
TO : Mr. [REDACTED] 25X1A9a		FROM: [REDACTED] 25X1A9a			
ATTN:		25X1A6a			
<p>1. I am not sure as to whether there is a security <u>problem</u> between here and [REDACTED]. Nor do I know how much calling there is from here to [REDACTED] and vice versa. There is quite a bit of telephone business conducted between [REDACTED] and the various records people throughout the Agency. 25X1A6a</p> <p>2. When you talk about the KY-3 you are talking money. The equipment itself, which is one installation, plus an additional instrument costs in the neighborhood of \$6,000. That is \$12,000 to start off with. In addition, there is lease line costs, site preparation costs, and there could be other costs of which I wouldn't know of. This is a technical matter. 25X1A6a</p> <p>3. The [REDACTED] could not tie into the [REDACTED] system. The [REDACTED] system is under the [REDACTED] organization and is not in the CIA switch. [REDACTED] would also have to tie into the [REDACTED] microwave system. 25X1A6a</p> <p>4. There are no justification standards, anyway none I know of, for the installation of a KY-3. I have the feeling that to some it is a status symbol. I know of them that are not used very often, but then---.</p> <p>5. I am not so sure that IDX is needed.</p> <div style="text-align: right; margin-top: 20px;">  <small>SIGNATURE</small> </div>
